The Ground Hog foolishness is on a par with that other silly story of the cow giving bloody milk when a farmer boy kills a toad.

The annual Ground Hog idiosyncrasy is now ripe. Wonder how people regulate their weather in countries where the Ground Hog doesn't grow?

THERE are some people who are really foolish enough to want to know, don't-cher-know, what became of the \$25,000 in cash which was whacked up—or plunked down—by the Grangers who raise tobacco during the late attempted organization of the Burley Tobacco Growers Association.

ARCHBISHOP KEANE of Dubuque delivered a sermon in St. Patrick's Church, Clinton, Iowa, Sunday, and in the course of his remarks he said—

"The man who slights his work and gives his employer less than he agrees to give is a thief, and any Labor Union that upholds him in this slighting of work is a school of thievery."

The ignorance of the average Wise Man who Holds Down a Bench in the Legislature is shown by the fact that a fellow up at Frankfort the other day thought a think that 20 cents a thousand ems was a fair price to pay for composition on state publications. The Printer who takes work at that price has to do one of two things—rob the state on the charge for presswork, or go broke. Usually, he robs the state.

If the big Pennsylvania Railroad Company doesn't watch out, it will be awfully sorry it took its free passes from the Ohio Legislators. A bill is now in the hopper at Columbus which will onst the Railroad from a piece of ground in Cincinnati which, as one Legislator says, it squatted on and has been holding on to "with the proverbial railroad pertinacity and imperitence."

The state having been bunkoed out of \$28,000 for a job of printing that was worth only \$3,000, the Solons at Frankfort now propose a Superintendent of Public Printing at a salary of from \$1,500 to \$2,500 a year. As the present Commissioners—the gentlemen who vised the \$28,000 graft—know nothing whatever about printing, it is presumed the proposed Superintendent will be selected because of his capacity to manage a ward election, and without reference to his ability to distinguish between a bodkin and an italic hair space.

The United Mine Workers of America, in session at Indianapolis, are preparing for a general strike April 1st. They propose an immediate weekly assessment of \$1 on each member, to create a strike fund of \$2,500,000, which is to be paid in the shape of benefits to the strikers. If the strike takes place April 1st, the Union officials say it would bring out of the mines 620,000 men. According to these figures, the strike fund would be wiped out in one week by giving each striker \$4, or in four weeks by giving each striker \$1 a week.

SEEING THINGS.
Judge.
"Sentry," said the newly fledged Lieutenant, halting before a sentinel and seeking to propound a query which would cause the man embarrassment, "what would you do if you saw a battleship moving across the parade ground and approaching your post?"
"I'd stop drinking, sir," replied the soldier promptly.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

THE TRACTION LINE

Committee to Go to New York to See Capitalists

The Directors of the Maysville, Carlisle, Milledgeburg and Paris Traction Co. held a meeting at the office of the Company in this city Monday night for the purpose of going over the latest estimates submitted by the various contractors and companies for the construction and equipment of the road.

There was a full meeting of the Board.

The estimates submitted were the most reasonable yet offered, and when the Directors adjourned about midnight they were in a good and hopeful humor. The greatest trouble that has confronted them has been to keep the cost of the road within the amount of money the capitalists have been called upon to furnish for the construction of traction roads in adjoining states. All estimates have placed the cost of this road several thousand dollars higher per mile than was necessary to build traction lines in Ohio, Indiana and adjoining states. Owing to the rolling condition of the country between Maysville and Paris, the heavy grades, number of bridges, the great amount of limestone rock encountered and the present high prices of electrical equipment, it does not seem possible to get the cost of this road within the limits of cost of Ohio and Indiana lines.

Of course, the capitalists have a limit beyond which they will not go.

The Directors Monday night appointed Mr. W. W. Ball, Cashier of the First National Bank, and Hon. J. N. Kehoe, Cashier of Mitchell, Finch & Co.'s Bank, a Committee to go to New York and confer with the capitalists and see if some satisfactory arrangement cannot be made under the estimates submitted at Monday night's meeting. They will go within the next few days.

If they cannot make such an arrangement, it will be necessary for the communities benefited by the road to contribute something in addition to the right of way in order to get the line, but it is hoped not as much will be necessary to equal the difference between the cost of a road through this and less hilly states.

It is believed that the people along the line will not see the project fail for want of reasonable help from them if same becomes necessary.

LITTLE JOHNNY JONES.

Our theater-going public are to witness "Little Johnny Jones" in this city at the Washington Theater tonight. "Little Johnny Jones" differs greatly from any other musical play of recent times, inasmuch as it contains a dramatic story which at times almost borders on the sensational, and for this reason perhaps it has been called a musical-melo-drama. You had better secure your seats now.

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

The spectacular performance which is to be presented at the Opera house Thursday night, February 8th, by 200 of Mayville's society folk promises to be a magnificent affair. The play is founded on the famous poem, "Under the White Tree Bough," by Rodgers. Specialties of a pleasing and novel sort will take up the moments between acts. The performance will begin at 8:15 sharp, and no one will be seated during the first act. This scene is elaborate from a spectacular point of view, and it is the key to the entire story. All those attending will confer a favor upon every one present by being in their seats by 8:15. Mayville's best musical talent will be seen and heard on massed Thursday night, and the program from first to last will be bristling with novel specialties and happy surprises. The Democratic caucus at Columbus has decided to defeat the resolution for a Lexow investigation in Cincinnati.

The body of Sturley C. Armstrong, missing Cashier of the Washington National Bank, Pittsburgh, was found near Roanoke, Va., with a bullet hole through the head. He disappeared January 23, and his absence caused a run on the Bank. His accounts were absolutely correct, and the "run" did not hurt the Bank.

Rev. George H. Simmons, Pastor of the First Baptist Church, President of the Inter-state Savings Bank and the People's Savings Bank, and recently appointed manager of the Yates senatorial campaign in Peoria county, was found dead in bed at Peoria, Ill., yesterday morning, having suicided. He has been the subject of investigation at the hands of the State's Attorney, the two Banks and his congregation on the gravest charges.

RUN DOWN AND NERVOUS

Vinol Restored the Health of Miss Blair, President of the Sophomore Club.

Our well-known druggist, John C. Pecor, says: "Many people right here in Maysville are just in Miss Blair's condition, all run down, hardly able to drag about, don't know what ails them."

MISS ROSE BLAIR

"This condition is probably caused by a cold or cough which is hard to cure, overwork, or too close confinement to business. Such people need Vinol. We guarantee that it will cure them and build them up or return money wherever it fails, and the following letter is only one of many showing what Vinol will do."

Miss Rose Blair, President Sophomore Club, Kansas City, Mo., writes: "Last spring I was all run down, nervous and irritable. I lost my appetite and could not sleep. I tried many medicines without any benefit. Your cod liver preparation, Vinol, was recommended, and it certainly worked wonders for me. It was delicious to take and not at all like the greasy cod liver oil and emulsions I was used to. Vinol gave me a hearty appetite and restored me to perfect health and strength. I consider Vinol a wonderful remedy."

"Vinol cures conditions like this because it contains every one of the curative medicinal elements found in cod liver oil without a drop of the useless oil to upset the stomach and retard its work, and it strengthens every organ in the body."

"I ask every run-down, nervous, debilitated, aged or weak person in Maysville, and every person suffering from stubborn colds, hanging on coughs or bronchial troubles to try Vinol on our guarantee to return money if it fails."
JOHN C. PECOR, Druggist.

THE PATIENCE OF JOB

Could Hardly Endure the Torment of Itching Piles.

Itching piles is constant torment—no is eczema.
No comfort all day, no rest at night.
Can't keep your mind on work.
No use to go to bed.
Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures you to stay cured.
Maysville people endorse it.
Mrs. S. F. Tolle, of 117 Short street, Maysville, Ky., says:
"Before I used Doan's Ointment, in March 1900, I had suffered for a long while with itching hemorrhoids. I had tried persistently to rid myself of the trouble but without success, and anybody who has known the tortures of this complaint will understand what I suffered. Doan's Ointment, procured at J. J. Wood & Son's drug-store, cured me, as stated in a testimonial given at that time, and during the five years past I have had no return of the trouble. It required only one box to bring this gratifying result. I have used Doan's Ointment for other purposes, and find that it is a specific for skin troubles and all itching diseases."
For sale by all dealers. Price 50 cents a box.
